Our Next Meeting Awards Dinner

Date: Monday, 12 March 2007

Time: 6:00pm schmooze, 6:30pm dinner, 7:00pm program

Location: Tied House Cafe & Brewery, 954 Villa Street, Mountain View, CA 94041
(650) 965-2739

Dinner, \$25:

- Appetizers:
 - Veggie Tray
 - Cheese Tray
 - Calamari Trays
- Caesar salad for the group
- Entrees:
 - Beer Mustard Chicken
 - Chicken Sausages
- Sides:
 - Rice Pilaf
 - Seasonal Vegetables
- Dessert: Vanilla Ice Cream
- Soft drinks included, no-host bar

Please RSVP to [W0YK](mailto:w0yk) by Friday, 9 March. (K6EU will be out of town and W0YK is filling in as Secretary/Treasurer for this meeting.)

NCCC Officers

President: Dean Straw, N6BV

Vice-President and Contest Chairman: Fred Jensen, K6DGW

Secretary/Treasurer: Tom Carney, K6EU

Directors

Past President: Mike Heideman, N7MH

Director: Jeff Stai, WK6I

Director: Ed Schuller, K6CTA

Director: Alan Eshleman, K6SRZ

Honorary Director: Rusty Epps, W6OAT

Webmaster: Ed Muns, W0YK w0yk@msn.com

JUG Editor: Rob Brownstein, k6rb@baymoon.com

The 2006 California QSO Party

By Kevin Rowett, K6TD

I expected 2006 to continue the declines we'd seen in the 2005 contest, mostly attributed to the declining solar cycle. Most folks believe we are at the minimum now. But, you couldn't tell by looking at the CQP 2006 results.

W6NL commented before the contest his station was in great shape for a solid CQP run for the top spot. Something he hasn't pursued in awhile. Run he did. While old age and treachery couldn't overcome youth, Dave showed very well.

That "youth" Dave talked about was delivered by N6MJ, operating W6YI to new heights.

Many new records, both in state and out of state were set this year. Above all, everyone noted CQP still has the fun they come for.

All I can say about CQP 2006 is WOW – what a contest.

Thanks to all that participated!

SINGLE OP RESULTS - CA

Inspired by his success at WRTC 2006, N6MJ took command of W6YI and turned in an outstanding score of 389,151. This represents a new San Diego county record (again) and an all time new California record, surpassing his old record by 1,015 points, set in 2003. Is there no end to what records this contester can achieve?

The number two spot was filled by N6ED operating at K6NA with 351,857 and 2,490 QSOs. W6NL filled the number three slot with 350,610 points and 2,490 QSOs. Dave also set a new Santa Clara County record. Congrats to this veteran contester. He really knows how to make a showing.

K6LA came in at 350,000 and 2,486 QSOs for a fourth place finish. Ken also picked up a new Los Angeles county record for his showing. Congrats also to this venerable contester.

The top slots in the low power category went to K6AM (221,984), N6DE (217,369), and K6EX (KX7M) (178,610). John is the traditional low power leader. Dean and Denny were both operating as a county expedition. Dean made his plans in less than a week, when K6SRZ couldn't go to Trinity. Congrats to these fine ops.

The top twenty ops will again receive a bottle of wine supplied by WK6I's Twisted Oak Winery. This year, it took minimum score of 218,232 to make it into the top twenty. Overall, scores for the top twenty were higher than last year.

See the summary page for the complete details.

SINGLE OP RESULTS – non CA

The top spot was taken this year by regular W8MJ with 120,234 points and 855 QSOs. Followed up by VE3EY in ON with 118,059 points and 863 QSOs. While W8MJ had fewer total QSOs, his CQP QSO count was 362 to VE3EY's 308. For Phone, W8MJ had 493, while VE3EY had 555. Congrats to W8MJ for finding the right mix of QSOs. Third spot goes to N4PN with 116,290 points and 840 total QSOs. It was an excellent finish for all these ops.

Not only did W8MJ take the top spot for out of state, he also did this operating low power. Second place for low power went to WD5K with 101,558 points and 720 QSOs. This also earned WD5K a seventh-place finish overall. N8II came in third with 93,177 points and 665 QSOs and tenth overall.

To make it into the top twenty and earn a bottle of WK6I Twisted Oak wine took 75,168 points. Congrats to all the ops!

MULTI-SINGLE -

The top multi-single spot this year was captured by W6PT as a county expedition to Imperial. This crew turned in 1996 QSOs for a total point of 288,202.

Second place went to K6VO with 2051 QSOs and 284,983 points. K6VO had more phone QSOs (1239 to 1020), but that couldn't overcome the greater CW QSOs at W6PT (976 to 811).

Third place is AC6T with 1788 QSOs and 284,983 points.

This category had 21 entrants, with 8 of those operating as county expeditions. M/S continues to be a popular category.

	CW	SSB	total	Mult	Score	
W6PT	976	1020	1996	58	288,202	MS C

M/S is also popular for out of state entrants with a total of nine teams entering, including the DX teams RK0LWW and JF2SKV.

First place this year was the VE3HG team with 620 total QSOs and 84,912 points. 2nd place is AA3B with 367 QSOs

and 53,212 points. 3rd is VA3YT with 305 QSOs and 41,182 points.

The VE3HG team came in 10th among all M/S entrants, topping several CA operations. AA3B showed at 13th, overall.

	CW	SSB	total	Mult	Score

KF2SKV	16		16	15	742	MS

MULTI-MULTI -

This year saw a number of M/M operations. Taking top M/M was the N6O station. The Radio Oakley effort resulted in 627,067 points with 4556 QSOs, an increase of 1033 over last year. They must have found the magic combination.

The Central Oregon DX club again staked out MODOC county, operating KS6U to a total of 2361 QSOs and 346,347 points.

A new M/M county expedition team came to Del Norte this year, the Willamette Valley DX club, operated two transmitters as N6D for a total of 1742 QSOs. This operation was organized by AC7ZG. We hope Don stakes out this spot for many years to come.

The Yuma (AZ) DX Association returned to Imperial County as N7YDX/6 for a QSOs total of 322. Thanks for coming back, and hope to see you in 2007.

Other M/M entrants include W6YX, the Stanford University Radio club, K6ZZ in INYO county, NC6DX in Nevada county, and K6AA from Los Angeles.

Out of state MM operations included the super contest stations of VE6AO in Alberta and NK7U in Oregon.

	CW	SSB	total	Mult	Score

VE6AO	1	436	437	57	49,875	
NK7U	50	186	237	53	27,798	

MOBILES -

County operation via mobile has a definite following, and always attracts new interest from time to time.

The top mobile operation this year was captured by the K6AQL team, with 1,393 total QSOs.

Other operations included W6OAT (+K5RC) with 664 QSOs; N6RC (+K6TD) with 275 QSOs; N5II/6 at 136 QSOs; and K6VVA (SO) driving to 87 QSOs.

The K6AQL team had the regulars in the vehicle – K0DI and K0KTZ. They added a new member this year KF6YYV. While they make it into the contest every year, it was very much a last minute commitment this time. Thanks for getting in guys, and bringing in a new op!

K6AQL visited 24 counties. W6OAT visited 12 counties, followed by 9 counties for N6RC. N5II/6 visited 6 counties, and K6VVA operated from 4 counties. Several of the counties were visited by more than one mobile. On Sunday, out of state stations were asking the mobiles to drive to a specific rare county to help get that mult in their log.

N5II/6, Bill had always wanted to operate from the California side. He and the XYL flew to CA from Louisiana, rented a car, and proceeded to mobile in CQP. Great results Bill, and thanks for being part of the mobiles this year.

Due to the typical California road terrain (they put the road on the most scenic path) and the limitations of mobile setups, most ops prefer CW over Phone. CW QSOs were 2088 versus 467 for phone.

COUNTY EXPEDITIONS -

County expeditions operations put several counties on the air. These operations can be lots of fun. We saw two veterans return to county line operations this year – AD6E ran Colusa and Lake this year, along with N6DE operating Trinity and Shasta. Glad to see all time county lineman AD6E back in CQP. N6DE stepped in with a quickly arranged trip to Trinity and then decided the best plan was to operate on the line and hand out both counties.

Top SO spot goes to W6ML (W6KC), in Mono County, with 1626 QSOs and 235,460 points. Second place went to N6DE with 1499 QSOs and 217,369 points. Dean reports that even though he was “out in the wild”, he still suffered line noise on Saturday.

N6ZFO returned to his perch in Tehama County. He reports the location has been remodeled and better accommodates his operation.

Top M/S operation goes to W6PT with 1,996 QSOs and 288,202 points.

The M/M expedition category was lead by the Central Oregon DX club Modoc operation of KS6U, organized by K4XU with a QSO count of 2362 and 346,347 points.

Mult	CW	SSB	County	Score	
W6ML	58	808	818	Mono	235,480 SO
N6DE	57	813	686	Trin/Shas	217,369 SO L

N7YDX/6	45	47	275	Imperial	31,095	MM	L

SWEEPS -

Sweeps were a little easier to achieve this year, for both in state and out of state ops. In some cases, the last county was supplied by an in state mobile operation.

First to work all 58 mults from the California side was W6YI (N6MJ op) in 6 hours and 1 minute. Dan’s last mult was with K7ACZ in Nevada on 20m. Grabbing that Nevada contact so early helped N6MJ tremendously.

Out of state first to 58 was N5DO from Texas with a time of 4 hours and 28 minutes, missing the all time record by 21 minutes. Dave’s last mult was with N6DE on the Trinity/Shasta county line. Even though Dean was handing out both Shasta and Trinity, Dave had worked N6RZR in Shasta much earlier in the contest.

It’s always exciting to look at how ops achieve 58 mults. This year, several folks achieved their 58th mult from the California side via a few stations. NW7O handed out MT to 4 ops as the last mult, while VY1MB handed out NT to 6 ops and KH6GMP handed out HI for a total of 2 last mults. Glad to hear Bob and Gary on.

Last mults from California ops was a lot more diverse with 17 ops providing the last mult for out of state ops. Two of those were mobiles.

Thirty-three out of state stations achieved all 58 mults, while 26 California stations found all 58 mults.

Sweeps of all CA counties by non-CA:

N5DO	K4EA	WD5K	KO7X
VE3EY	K5DB	KF9D	N9AX
N8II	NB1B	KW7KW	VA3DX
N4JF	WA0AVL	N8BJQ	K4BAI
N0AC	W7GKF	K0HW	K4ZGB
K0OU	VE3KZ	VE6CNU	K3TW
K4SAV	WA1FCN	W4TAA	
VE6TN	N5JB	VE3XD	
N4PN	VE3HG	VE6WA	

Sweeps of all states and provinces:

W6YI	KE6ZSN	NC6DX	N6NF
W6NL	K6VO	N6YEU	W6ML
KS6U	N6UUG	NT6K	
AE6Y	AD6WL	K6ZZ	
N6IJ	KF6T	K6RIM	
K6LA	K6NA	W6TK	
N6O	W6PT	K6KO	
AC6T	N6AJR	N6NZ	

CLUBS -

The In State Club top slot goes to Mother Lode DX & Contest Club. The members submitted 20 logs for a total of 2,606,509 points. I’m sure it helped that AD6E and K6SRZ were back among the contributors.

Perennial competitor REDXA generated 12 logs with a total of 1,458,534 points.

Out of state club number one spot goes to Contest Club Ontario with 31 logs and 907,517 points. CCO is definitely set on keeping that number one slot for a long time.

Second and third spots came from Southeast Contest Club with 11 logs and 491,522 points, followed by PVRC with 13 logs and 424,060 points. Looks like club competition is starting to get serious. Get more members out, submit more logs, and the 1st place spot can be yours!

Rumor has it the Alabama Contest Group is getting organized again. The group sent in 4 logs for a total of 115,668 points.

CA Clubs	# Logs	Total
Mother Lode DXCC	20	2,606,509
Redwood Empire DXCC	12	1,484,002
San Diego DX Club	5	1,164,655
MBARA	5	642,378

Non-CA Clubs	# Logs	Total
Contest Club Ontario	31	907,517
South East Contest Club	11	491,522
PVRC	13	424,060
YCCC	11	300,925
Society of Midwest Contesters	10	294,791
Mad River Radio Club	7	274,935
Tennessee Contest Group	11	199,438
North Texas Contest Club	2	178,205
Western Washington DX Club	5	161,978
Florida Contest Group	7	158,930
Minnesota Wireless Assoc.	7	158,728
Grand Mesa Contesters of Colorado	3	153,387
Alberta Clippers	2	153,207
Frankford Radio Club	4	144,730
Alabama Contest Group	4	115,668

Sixteen clubs in California reported with one log each, while an additional 43 clubs reported out of state, with one log each.

SCHOOLS-

Stanford took top place this year with 307,030 points. The W6YX crew chose to operate M/M this year, with a total on nine operators, including Ham Radio rock star N0AX. Ward must have had fun operating CQP from the other side of the contest.

W6YV made a nice entry this year. Ops include: N06LE KG6CUK WB2TVB. Thanks for joining in guys!

Out of state this year comes from UN in Lincoln, Nebraska. We didn't get many details of the operation. Glad to see them join in the fun.

School competition

W6YX	Stanford	MM	307,030
W6YV	USC	MM	12,751
N0UNL	Univ Nebraska-Lincoln	SO	9,447

QRP-

Top in state QRP operation was delivered by W6JTI with 888 QSOS and 125,658 points from Humboldt county. If you're going to operate QRP, it helps to be in a rare county.

The 2nd place spot is filled by the little station with attitude, N6WG. Bob turned in 421 QSOS, 44 mults and total points of 47,740. An excellent showing from popular Alameda County, K6MI brought in 29 QSOS for 426 points.

Out-of-state 1st place goes to N0AC with 545 QSOS, 79,576 points and a sweep. Bob is a regular CQP entrant. This year, he tried the QRP category from N0NI super station with outstanding results. Many folks were surprised by the signal strength that a great antenna can deliver.

Second and third place was a closer race. N6JF brought in 389 QSOS for 61,190 points, while K1ZZI brought in 414 QSOS with 60,452 points. Jerry had a sweep, while Ralph missed Shasta and Tulare counties.

A total of 26 out of state stations submitted logs, include two DX – YO5KIP and JR1NKN.

QRP stations:

W6JTI	K1ZZI	W5JBV/M	K4ORD	WA2RY
N6WG	ND0C	WG7Y	WC7S	YO5KIP
K6MI	VA3DF	VA7DER	VA3RKM	AF9J
	K3MD	W0PQ	KD2MX	K4KO
N0AC	W8TM	AD4EB	VA3JFF	JR1NKN
N4JF	W5KDJ	KC9ECI	N2JNZ	KG4YLK

RECORDS –

Fourteen records were set this year. The most noteworthy was W6YI (N6MJ op). Dan operated this station to a new all time California state record, a new San Diego county record, and an all-time high record for CQP. While on the way to taking to top out of state spot, VE3EY also set a new province record.

So much for the low point in the solar cycle.

Calaveras	WC6H	285,057	W6BSY	1998	196,156

OBSERVATIONS

The number of logs submitted this year is up 660 for 2006, versus 600 in 2005.

CQP continues to move away from its base as a phone contest and support about an even count of CW and Phone QSOs. This means those CW ops can have fun and turn in a good solid showing. Phone ops can continue to enjoy high rates too. Getting to a top spot though, requires knowing how to balance the number of CQ versus phone QSOs.

Counties were less “rare” this year – primarily due to the hard work of N6V to get county expeditions on the air, even in the face of many regular notables staking out their usual county spots, and some last minute registration withdrawals.

Mobiles provided much needed coverage this year as well.

Logs from DX stations seemed to return this year.

The NCCC sponsors CQP thru a larger volunteer base. Thanks go to W6ZZZ, WA6O, AE6Y, WK6I, W0YK, KO6LU, K6RB, W6OAT and long time CQP chair – AD6E.

An extra note of recognition goes to W6ZZZ for his contribution to CQP. Without his suggestions, help insights, and work, CQP wouldn't have come to fruition in 2006.

Log checking volunteers this year included – W6OAT, K6MM, N6DE, K6TD, K6III, WX5S, K6XX, W6ZZZ, W4UAT, AD6E.

Over 75% of the logs received came via the web server and database built by WA6O. The web server did have problems with some logs and some types of QSOs. We're working through those. Expect smoother operation in 2007. WA6O's DB played a crucial role in log checking this year. Thanks Mike!

LOG CHECKING –

Our goal is to provide the best accuracy possible in these results. As always, nothing is perfect and there may be errors. Any error found after publication will be updated on the CQP web site: <http://www.cqp.org>.

Logs without specifically showing an operating category were entered as single op, high power.

Only a very few logs were received this year with major problems – almost no incorrect sent QTH were seen. Formatting problems seemed high till we realized a problem with the email robot.

Any simple copying error such as wrong NR, wrong QTH, or wrong call was penalized by reducing the score by ½ of that QSO. Double copying errors (e.g. wrong call and wrong NR) or worse were penalized by removing the QSO. The team went to extremes find all QSOs. For the top five spots, four separate checkers reviewed each log, then, a round-table discussion about every questionable QSOs was had. Only QSOs that were either proven to be in error, or had a very highly probable error were reduced. No penalty was given by software alone. There was always a human judge to make the actual decision.

My thanks go to the log checkers who put in many hours of effort to get these results out. Their efforts have made these results more credible. Anyone who submitted a “soft” log can get a report file that details each and every deduction. Please send your request to info@cqp.org

SOAPBOX

*This was fun! It was a non-stop event for me. I missed 4 counties for a sweep (LASS, SIER, TUOL, and YUBA).
K0RC*

*A small entry, but had a pretty good time. Signals were very strong from CA... Thanks
KC4HW*

*Mostly just looking for new CA counties, not competing at all.
W6RK*

*Always fun. Great operators throughout.
VA3CCO*

*Have to make time for a full effort next year.
N2CU*

*Thanks for nice contest. CU nex year.
OK1CF*

*Sweep at 2336z
N0AC*

*WKD ALL 58 COUNTIES BY 2330.
N4JF*

*Always enjoy CQP, but sure missed having 10 meters open!
Couldn't find Kings, Sierra, or Tuolumne.
ND0C*

*This turned out to be a better outing than I had expected. I was worried whether I would even be able to reach my score from last year, due to the decline in propagation and possible participation. No problem--I blew right through last year's QSOs, multipliers
N6WG*

*Fun contest, props pretty good, kept looking at 6M but never heard anything. TS-480HX @ 5W, LW 80M, Dipole 40M, & Yagi others.
W5KDJ*

*I used my Elecraft K1 for contest.
WG7Y*

*Only had a few hours and had a lot of fun, with wire antennas, and qrp. Thanks to all, that made so much fun available to so many. Heard lots of dx, and many many big signals too. C U next year!!
WC7S*

*It's been a while since I did any operating in this contest. I'll be back next year with hopefully more time to play!
VA3JFF*

*K2, FT817, 5W, vertical and dipole. Thanks for working a weak signal!
VA3RKM*

*Great contest. Nice 15M opening on Saturday. But the weather here was way too nice to spend much time indoors hunched over the radio so I only put in a few hours.
KD2MX*

*First time running QRP in the party - quite challenging, but as always, a lot of fun!
WA2RY*

Thanks for contest, 73
YO5KIP

Glad to make SF Country available.
N6RA

Lots of fun ion Field Day type operation next to the shore of
the Salton Sea. Surprised at the number of DX QSO's.
N6IMP

Where was Montana?
WW6D

I had every intention of making a serious effort at the CQP,
but despite my best score, it was a bit disappointing. There
seemed to be more of a lack of casual ops than I remember
from 2004 when I was last able to make a serious effort.
N8II

I was surprised at conditions and almost equalled my
Alabama record. Once again the qso party was very
enjoyable. I know a certain K4 was closing in on my score all
through contest. So log checking will determine final
outcome.
WA1FCN

Beating last years' score of 82,534 was the goal but I missed
it. Ten meters was a no-show and 15 metres didn't open up
for us North-South. One SSB contact on 15m. I could hear
the east coast working CA and knew that was were the real
action was at all day.
VE3TN

This was my second go at this contest and I had even more
fun than last year. I improved my score significantly over
last year too, so it was good to see that I'm going in the right
direction. I even managed to get all 58 counties too!
VE6CNU

Just got station back on the air after 3 years. Used to be
W6UT in Sacramento and this is the first try from the
otherside. Many problems. Didn't have a CW interface, had
RF/computer problems, SWR's went weird with tuner.
N9AX

Tnx fer all the efforts making this a great fun event. 73 de
Scotty W7SW.

Enjoyed the CQP again! A few more contacts than last year
with less time to operate. Wish I was a little farther away to
take advantage of the 15M opening - CA stations only a
whisper on my vertical. Used IC-746PRO (100W), R7000
Vertical, and N3FJP CA QSO WA7SLD

That was a blast! The new abbreviations are a little strange
but everyone seemed to have a good time anyway;) AD6FR

WOW...What a fantastic contest... to hear stations calling for California and having small pile-ups... what fun... We have a lot of good operators out there...Where are the Maine and Vermont stations...next year will have to call some up to get on the air. W6OWH

Did not hear any W6's on 80 or 10, but didnt listen too closely, either. Limited time operation all on SSB due to family needs, but learned much about my new antenna system and pretty station console implementation, which will now be scrapped. W3VR

Good contest! Worked 51 counties with Alpine being the last on 20-meters! Surprised to miss Orange and San Francisco. My logging program did not want to accept entries from stations that were on county lines so I had to manually edit the Cabrillo file. NA7RF

I did about the same as I did in 2004, and WA/CA condx were excellent on 20, 40, and 80. CU next year. N7EIE

This was my very first contest of any kind...what a blast K7DEX

Thanks again to NCCC for another great event. KI6OY

Lots of activity, condx pretty good here, had a blast. AD5QB

Santa Cruz county on Saturday only. 40m was the band with the best propagation. Sunday was at N6O. W6ZZZ

Props were tolerable. Had a good time. K2YSY

I had great fun. This is a well run, well attended QSO party. WW9R

wish i could have worked all the counties but i have something to shoot for next year.....73 de k5qwo

This was going to be an all out effort, but Murphy was at my house this week. The day before the contest, a severe storm brought down my tri-bander. Then I was called into work on Saturday about an hour into the contest because of the storm. W4TMN

Really enjoyed the contest. Re-met old friends. Thanks for the opportunity.73 KD6UBK

Rig : Icom 746PRO Antennas : MA5B Mini-beam (20/15/10 mtrs), R-7000 vertical (40 mtrs) Las Vegas is too close to CA to make many contacts other \than on 40 mtrs. Worked everyone I heard on 40 and called CQ off and on but not too many stations. K7ACZ

I really enjoy this QSO party. I'll definitely do it again next year. I'm running an ICOM IC-751 at 100W to a Windom at 35ft. KC8YEC

First time for this one but could not get on in time to get the certificate. Well, perhaps next year. Had a great time. Good conditions on 20 MTRS. Thanks to all who made this contest what it was. 73 fer nw, Bob AD5VJ(AAR6VM)

Very friendly contest! NV6V

Thanks for the fun! new prefixes will be tripping up some folks. KD6PQF

Thanks for the great contest. I had a great time. I really enjoyed the 'Thanks for the multiplier' The new erected W5GI seemed to work great on 20. I hope to spend more time next year. VE5XD

This it the first time for working CQP from out-of-state. There are a lot of expert CW ops in CA. It was a real challenge for me to copy at the speeds that were being sent. CQP has shown the CW is alive and well over the past few years. Kudos to Victor. W5QLF

Contest # 1 from the new QTH VE3CX

Always a good QSO party, enjoyed it. Wish I had had more time. Thanks for putting it on. W5PQ

My first paticipation in this contest, I have vy happy. Vy tks all HAM's. LU5BE

My first time in this contest. Very nice pace, friendly operators. I live in a no antennas neighborhood (CC&Rs) and used a 20' flagpole. This non-antenna seemed to get all the way to CA, usually on the first call! W7HJ

Portable from a friend's place near Greely Hill, CA (Mariposa County). Pneumatic antenna launcher performed beautifully, enjoy the tennis ball arc over tall trees. Got your BIC? (Butt In Chair) Stay Put Setting up antennas by the light of the harvest moon K6JEB

Another great QSO Party! Good balance of CW and phone operators. The new abbreviations worked well but some CA ops were still using the old ones. Something about LAX and SDGO that is much more interesting than LANG and SDIE

One of the best so far--only wish there was a portable in Kings and Merced !! K0GSV

Fun exercise as usual - CA has a great bunch of Hams! VE4YU

Lots of activity from California ops. Missed only three counties - King, Sie, and Tuol - for a sweep. Maybe next time. 73 Ken, W0ETT

This was my first California QSO Party. Last year, I made a couple of calls but quickly found that using my ex-K1USC call sign was oftentimes confusing on the other end. This time around, N6OO was QRV & calling CQ for much of my operating time. N6OO

Another great CAQP! Still can't quite find that elusive Clean Sweep;. Where the heck were Butte and Lassen Counties?!? It was nice to see all the HF bands open on Saturday. Already developing strategies for CAQP 2007!! NG8U

This was my second year in the CQP and I decided to do the County Expedition to my sisters ranch in Kern. I planned well in advance and had made verticals for 15, 20, 40 and 80 and a long wire for 160. I didn't plan on the heavy wind Friday afternoon. AD6ZJ

NOT WILD ABOUT THE NEW COUNTY ABBREVIATIONS. GENERATED A LOT OF CONFUSION BY PARTICIPANTS. K6SGH

Enjoyed the contest very much. Always nice to work the competent Californian ham community. VE3OM

As always, lots of fun. No SSB this year due to rig/mike troubles. C U next year. WA5SOG

No propagation on 80 this year for me. Lots of stations on the air, but still missed Sierra, Tuolumne and Yuba. KD5LNO

Great time. More than doubled my score from last year. NE4M

I enjoyed the contest wish I was around for more of it also wish more bands were usable I know it will be back in a few years. WBOYJT

Only missed 5 counties, better luck next year. Thanks to all the Californians for the contacts. 73 Paul VA3PC

Worked 40m from cottage in Brian Head, Utah. Used a Hamstick mounted vertically on our metal roof. -great ground plane! Could not hear the CA's on 20m but could hear lots of non-CA's calling for them -Thanks NCCC! AC7SM

My first Ca QSO Party, and my very first CW contact ever! It was with N6O on 40M. Thanks N6O!!! AI4ME

one of the greatest QSO parties! 73 WS7WS

I recently finished installing my Icom 706MKIIg, Icom AH4 tuner, and 102 stainless steel whip in my van and needed to test it out. I enjoyed handing out a few Q's in the contest. It seemed as if there was a direct pipeline between CA and my QTH. N9FN/M

Got my General Liccense Sat Morning (/AG) and had a terrific opportunity to make 41 contacts on my first weekend being licensed. KC9KCO

I enjoyed the QSO-party! The California operators had good ears and pulled my 100W/wire-ant-signal out of the noise. Thanks to their activity I could work five new counties! DL4AAE

THANKS FOR THE FB CONTEST - CU NEXT YEAR LU4MHQ

TNX FR NICE CONTEST WHICH BROUGHT ME 2 NEW COUNTIES, HOPE TO MEET ALL OF YOU NEXT YEAR. OK1FCA

If you had told me I would beat my LAX record score at the bottom of the sunspot cycle, I would not have believed you. Conditions far exceeded my expectations. Even 10m opened for a little on Saturday around 1900 - 2000Z but not to many were there. K6LA

Another great CQP! Love the way scores go up even as sunspots go down. AE6Y

My first entry into the party, worked only on 20m (no antennas for other bands at the moment) looking forward for next year CQP in multiband. Thanks for exciting party. 73 ! Daniel OK1DIG / OK7M in the contests

First time operating from out of CA - FUN! KV6O

My absolute favourite QSP-party. Good activity and a real challenge with only a 33 ft vertical as antenna. We have upgraded to 400 Watts compared to last years 100W. Some social event stopped me from operating the first 5 hours. CU2JT

Great to participate again after a few years absence. My OC Record is safe again this year.. Cheers, David. VK2CZ

My family staged a county expedition to rare San Benito county [SBEN], and operated from a tent at the Pinnacles National Monument campground. Op's were Kamal KA6MAL (the OM), Suzanne KG6CLP (the XYL), and Emeline N6KID (the first harmonic). KA6MAL

Along with our regular Stanford gang, we were honored to have guest operators Andre DG3SDK and Ward N0AX. We missed the first hour of the contest, and were off another 1.5 hours in the third and fourth hours on Saturday - so we missed some prime time. K6UFO/W6YX

Bad propagation for short skip in high bands and problem to log ALPI , the file have an error and cause a problem that cost 2 qsos, I fix the problem in the file and continue the contest, maybe other using NA experience the problem when the last mults. XE2K

First time working the contest. Had fun and learned alot about the contest. My temporary antenna, DK3 screwdriver mounted at 18 feet on a metal building did a great job. Will be back next year. KD6VNQ

One of these days I will get a new set of finals and the time to compete VE4LR

Even though I'm a General, this was the first time I've ever talked on the radio! It was a perfect, non-threatening way to get my feet wet. I'm already looking forward to next year! KI6DZO

Great participation both in and out of California. What a surprise 15 meters turned out to be. However, 10 was a bust. Looking forward to CQP 2007. K6RB

GREAT FUN! CAQP still leads the way in regards to state QSO parties..terrific turn out by mobiles and fixed/portable stations. Nice having 15m so good plus an opening on 10m. N4PN

12 Store Buying Power!

HAM RADIO OUTLET

WORLDWIDE DISTRIBUTION

IC-706MKIIG All Mode Transceiver

- 160-10M/6M/2M/70CM*
- HF/6M @ 100W, 2M @ 50W
70CM @ 20W
- 107 alphanumeric memories
- CTCSS encode/decode
w/ tone scan
- AM, FM, WFM, SSB, CW, RTTY
w/ DSP
- And much more!

IC-746PRO All Mode Transceiver

- 160-2M* @ 100W
- 32 bit IF-DSP
+ 24 bit AD/DA converter
- Selectable IF filter shapes
for SSB & CW
- Improved 3rd order
intercept point
- CW memory keyer
- And much more!

IC-756PROIII All Mode Transceiver

- 160-6M @ 100W
- 32 bit IF-DSP
- Adjustable SSB TX bandwidth
- Digital voice recorder
- RX: 30 kHz to 60 MHz
- Quiet, triple-conversion receiver
- Low IMD roofing filter
- 8 Channel RTTY TX memory
- And much more!

IC-7800 All Mode Transceiver

- 160-6M @ 200W
- Four 32 bit IF-DSPs
+ 24bit AD/DA converters
- Two completely identical,
independent receivers
- +40dBm 3rd order intercept point
- And much more!
